Training in the Spotlight

LASER FLEET

Laser Fleet had a fantastic session last week.

The afternoon started with 18 knots of breeze, though it quickly dropped to 12 knots. We began with a quick warm-up by circling the rescue boat, then moved into a triangle course. Our focus was on adjusting our controls between sail angles and modes. We wrapped up the session with some tacking and gybing on the whistle. Well done everyone for putting 100% into your training.

Instructors: Camille Gallais

Assistant Instructors: Tommy Crone
